TRANSPORTATION OF REPLICAS AND EQUIPMENT

Although those used are replicas (NOT FIREARMS) that are considered essential sporting items for the game, MMG does not recommend transporting replicas on flights, you can send them to us and our staff will be in charge of providing them prior to the event for their adjustment. If you are interested in sending your replica, contact staff directly or on social networks. For this reason, we only recommend that you bring the rest of the equipment with you such as: camouflage, boots, tactical vest, belt, bonnie, etc.

For foreign attendees, you will have the opportunity to rent good quality replicas for the modest sum of \$200 Mexican pesos (approximately \$10 euros/\$11.66 USD) and not worry about bringing your replica to MilSim, just your camouflage and equipment.
